Managing Director

The board of the CDAA is pleased to advise that Mr. Dave Machet has been appointed as the Managing Director of the association with affect from 1 April 2010.

Dave has a unique passion for copper and has been active in the copper industry for a number of years.

We wish him all success with his appointment and know that the copper industry will benefit greatly from his input

Mr. Bob Kempthorne, who had indicated that he did not wish to renew his contract as MD, will continue to be responsible for the financial and secretarial aspects and report to Dave.

Thanks to Bob for successfully heading the CDAA over the past 2 years and the tremendous effort that he has put into the Association.

Kind regards.

John Cross
Chairman
