

MEMBERS UPDATE... MEMBERS UPDATE....

*From
Dave's
Desk*

Dave Machet, new MD at CDA Africa addressed the members meeting held on 13th May, 2010:

Always a good opportunity to network, the members were given a brief overview into the new structure being implemented to provide members with the best service.

Malesela Letsoalo from the Phalaborwa Foundation, spoke about the Foundations' focus in education and how they are contributing to getting talented youngsters through their tertiary education and placement in the industry.

Grant Mackintosh updated members on the progress being made with the antimicrobial copper healthcare projects underway as part of the African Health Care Initiative.

Guest speaker, Justin Cohen, gave an informative and entertaining talk on "The Story of Copper" and how to use story-telling to get the copper message out there.

His talk was so well received that we will invite him back to address the November meeting.

Check out who was there on the day on our picture gallery at:
